

## DELTA ESQUINA LAMPARA

By Jorge Pensi

Delta collection is made to fit in with exterior or interior contemporary spaces. The injected aluminum base and extracted aluminum column make it ideal for use in the open air, due to the weather-resistant properties of these materials. The folding top and the design of the base enables the tables to be lined up one against the other to save space when they are not in use. The goal of the DELTA chair was to create a timeless product that constantly seeks to strike a balance between realism and surrealism— matter and antimatter, abstraction and emotion. The goal was to maximize emotions while minimizing resources, questioning the common logic of something new.

### Features

---

#### Description

Made of polyethylene resin by rotational moulding. 100% Recyclable. Item suitable for indoor and outdoor use. Available in different finishes.

#### Weight

11.7 Kg

### Finishes

---

#### LIGHT

Ref. 76005W

White internally lit unit with LED technology. Available only in matte ice white finish.

#### RGBW LED

Ref. 76005L

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Available only in matte ice white finish. Remote control included.

#### RGBW LED DMX

Ref. 76005D

Unit with internal lighting with RGBW LED technology and remote control unit for switching colors. Also controlLED by DMX-1024 (wireless), enabling communication between one or more products simultaneously via the DMX transmitter (not included).

#### RGBW LED BATTERY

Ref. 76005DY

Unit with internal lighting with battery-powered RGBW LED technology. Includes charger and remote control for switching colors and charger. Available only in matte ice white finish.

#### TEMPERED GLASS

Ref. 76005C

Security temperate Glass, board thickness 10 mm
