

DOUX SOFA

By Karim Rashid

DOUX, a collection of different pieces derives directly from freehand sketches: organic, spontaneous, friendly, and colorful. The zoomorphic forms are to engage, to touch, to sit, to enjoy.

Exclusive pieces are manufactured by the rotational molding technique. The versatility & dynamism are the most outstanding features of this collection. One of the peculiarities in this line is the multipurpose nature of the table - when laying down, it fulfills the role of a table which has a hollow that works as a storage space; when standing up, it's hollow can be used as a flower pot or as a cool ice bucket for champagne, wines etc.
